Zdeněk Bumbálek CTU

Miroslav Spurný Karlovy Vary Observatory

Michaela Skulinová AI AS CR

Hana Kalinová RITE

Radka Havliková CTU

The workshop will focus on works performed by Group of High Energy Astrophysics in the Stellar Department of the AI AS CR in Ondřejov and CTU in Prague and relevant international collaborators in the field of high-energy astrophysics with emphasis on satellite projects and ground-based experiments i.e. ESA INTEGRAL, ISDC, OMC, robotic telescopes, RTS2, BOOTES, BART, D50, Watcher, ESA Gaia HEA allocated workpackages, ESA IXO (formerly XEUS), CubeSat, SID VLF GRB detectors, and related science.

The Progress Meetings of ESA INTEGRAL and ESA IXO (formerly XEUS) projects will be also part of the workshop. For more details see

<http://eos.asu.cas.cz/ibws/Home> The IBWS Workshop 2009 is the 6th in the series in successful and productive workshops, for the program, abstracts and talks of the previous one see altamira.asu.cas.cz/ibws

Organized by Astronomical Institute, Academy of Sciences of the Czech Republic
Czech Technical University in Prague
Karlovy Vary Observatory

Program Committee

Assoc. Prof. René Hudec AI AS CR and CTU (chair)

Assoc. Prof. Ladislav Pina, CTU

Prof. Miloš Klíma, CTU

Assoc. Prof. Josef Zicha, CTU

Dr. Rudolf Gális, AI AS CR

Dr. Petr Páta FEL CTU

Assoc. Prof. Ondřej Gedeon ICT

Dr. Martin Míka ICT

Prof. Karl Mannheim, Wurzburg University
Germany

Prof. Lorraine Hanlon, UCD Dublin Ireland

Prof. Roberto Nesci, University Rome, Italy

Dr. Graziella Pizzichini, INAF Bologna, Italy

6th INTEGRAL/BART Workshop

Karlovy Vary 26 – 29 March 2009
